(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 6.—With the appearance of a German fleet in the Gulf of Riga the difficulties of the problem facing the Russians on the operations on their northern front are accentuated. Not only is the safety of their armies concerned but apprehensions are excited as to what will happen to the Russian fleet if the German naval forces are given full swing in the Baltic. Only submarines so far have been operating against the Russian right flank as it fell back along the Gulf of Riga coast. Larger warships now bid fair to take part in the activities, increasing the troubles of the Russians in the task of keeping their flank protected.

As to actual operations against the Russian fleet, it does not appear to be expected that they will develop until the land campaign has progressed further and it is seen what success the Russians will have in their effort to make a stand on a new line. Moreover, it is a long way overland to Revel, where the Russian war ships are supposed to be chiefly congregated. The Riga gulf, however, would offer a favorable base for purely naval operations against Revel, if these should be decided upon.

On the forty mile front of the break in the Russian land lines the Germans are pushing their advantage and have as yet met with no effective resistance. It is declared, however, that a rout and that a well defined plan is being carried out in the retrograde movement. Its success admittedly depends upon the behavior of the Russian troops, whose march (Continued on Page 2, Col. 2.)

REGULAR ARMY MEN
WILL DRILL ROOKIES
AT CHILLICOTHE CAMP

(ASSOCIATED PRESS TELEGRAM)
Chillicothe, Sept. 6.—The first contingent of Ohio's national army—drafted from southern Ohio counties—today began their intensive military training at Camp Sherman here. The men arrived yesterday and will be followed today by untrained troops from northwestern Ohio. By Saturday night all of the 5 per cent of the first 5 per cent of Ohio's quota of conscripts will be under arms.

Medical examinations of the men were to begin today. Recruits who were passed by local draft boards, but who are rejected by the army physicians, will be returned to their homes and the local draft boards will be called upon for men to take their places. As soon as a man passes his physical examination he immediately will be outfitted with a uniform and other necessities.

Seven hundred and twenty non-commissioned officers from the regular army will report at Camp Sherman today to aid in converting the conscripts into first-class fighting men. They will be distributed as follows:

Nineteen regimental sergeant majors, 22 regimental supply sergeants, eight band sergeants, 44 battalion sergeant majors, three battalion supply sergeants, 133 first sergeants, 123 company supply sergeants, 63 stable sergeants, and 133 serjeants.

It is presumed that these regular army men will be returned to their commands as soon as they complete their work of instruction here. Conscription men who display ability will be advanced to take their places.

Camp officers received word of the assignment of the regular army non-coms with satisfaction for it means great assistance from experienced men who know military work from A to Z.

Contingents of selective service men who reached here yesterday and today and those coming tomorrow and Saturday will not get fully into the war game immediately as the result of a shortage of men for handling freight and other camp business. Details were obtained today from the men who arrived yesterday to assist in unloading fifteen cars of equipment, clothing and other ordnance.

Motor car mechanics will be kept keeping officers cars in repair and many other duties outside straight military training are in store for the first five per cent of Ohio men.

NEW SWIMMING RECORD.
(ASSOCIATED PRESS TELEGRAM)
Honolulu, Sept. 6.—Two new world's and two new American records were set in today's championship swimming contest. Duke Kahanamoku and Harold Kruger, both of Honolulu, established new world marks, while Miss Dorothy Burns, Los Angeles, broke two American records.

WANT ALL ORGANIZATIONS TO MARCH
IN PARADE FOR SOLDIERS' FAREWELL

All civic, fraternal and military bodies are invited to participate in the demonstration to be tendered Newark and Licking county's soldier boys when they leave for the Chillicothe cantonment Friday. Such organizations are requested to meet on the south side of the court house at 1 o'clock, join the parade and march to the depot to bid the boys good-bye.

An organization has been effected to assist in interesting marching bodies. City Auditor Nelson Dodd being chairman and Jos. Dolan secretary. Other members are Jesse Elliott, Captain F. G. Steele, Harry D. Hale and Mrs. Henry Fleck. Owing to the short time until the

first quota of men leaves Friday it was decided by the committee to issue a general invitation to every organization in the city to meet with the crowd Friday. Those who wish can march as a body and others can join the general parade. Later when the second quota is called an effort will be made to have all organizations in the city in line, properly officered.

The committee is aware that it will be a hard task to get bodies to turn out as a whole for Friday, the time being too short, therefore it is urged that all officers of such organizations call up all members possible over the phone and urge them to participate in the demonstration.

RIGA'S CAPTURE PUTS
A NEW GENERAL IN
IN THE PUBLIC EYE

(ASSOCIATED PRESS TELEGRAM)
Copenhagen, Sept. 6.—The Berlin Tageblatt's correspondent on the Riga front, describing the passage of the Dvina river, says that this was accomplished without the loss of a man, thanks to the effect of the German artillery and mine throwers. The Germans had assembled a greater number of mine throwers than ever before and brought them into action after the regular artillery had bombarded the first and second line for several hours.

The effect of the mine bombardment was literally overwhelming. Houses were reduced to fine dust and the demoralized Russian survivors fled. Bridges were thrown across the Dvina, at this point four hundred yards wide, by which storming parties crossed and assaulted the first line heights. Other bridges in the meantime were being constructed and the whole army was soon across, while the regimental bands played.

The whole operation was carried out at such little cost that three divisions which were in the thick of the fighting had total casualties amounting to only 150 dead or wounded.

The capture by the Germans of Riga has brought out the name of a new German army commander, Von Hutier, whose recent promotion to leadership of an independent army is one of the few examples of young blood forcing its way to the top through the serried ranks of older generals and superannuated officers.

Von Hutier, who is of French descent, his grand father having been a French officer, was a guard division commander at the outbreak of the war and until the capture of Riga he had no striking events to his credit. His chief of staff, General Lubowitz, was for a time Field Marshal von Mackensen's chief of staff and later was transferred to Belgium where his name gained undesirable prominence in connection with the execution of Miss Edith Cavell, the British nurse.

Prince Eitel Friedrich, commander of the first guard division, which captured Tarnopol, participated in the operations at Riga.

PASSPORTS HARD TO
GET; SWISS PEACE
MEET DECLARED OFF

(ASSOCIATED PRESS TELEGRAM)
Stockholm, Sept. 6.—The plans for the Socialist meeting at Zimmerwald, Switzerland, to be held 10 days after the Socialist conference here, have been abandoned because of the great difficulties the delegates met with came here through trouble in obtaining passports.

Some representatives of Russia are here and other foreigners, mostly Germans, are expected to arrive within the next few days to settle definitely whether the conference will be held without complete representations or be abandoned. The attitude of the Socialists to demand of the allied governments that they grant passports to delegates has been totally dropped and it is impossible to get leading Socialists to make a statement on the prospects of the conference. It is considered that the recent labor conference at Blackpool smashed any hope to set the Stockholm conference together. Pieter J. Troelstra, the Dutch Socialist leader, said that the Russian delegation at Blackpool could be expected at Stockholm within a week and that then there would be time to decide what to do.

SUGGEST SEIZURE OF FORESTS IN NORTHWEST.
(ASSOCIATED PRESS TELEGRAM)
Seattle, Sept. 6.—Resolutions petitioning the Washington congressional delegation to consult with government officials on the propriety of President Wilson commandeering all timber lands and mills have been adopted by the Seattle central labor council. The resolutions which were an outgrowth of the fight for an eight hour day in western Washington lumber mills request other labor organizations in the west to help bring about such action by the president.

Approximately 10,000,000 feet of spruce logs, said to be in the water at Raymond, Willapa harbor, will be made available immediately for airplane material as a result of the resumption of operations at the mills, closed since the middle of July by the strike of employees for an eight hour day.

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 6.—Preliminary returns for 106 of the 186 large railroads of the country made public today by the interstate commerce commission indicate that the July revenues will exceed those of June which established a new high record.

The 106 roads reported net revenues of \$63,308,195 compared with \$61,299,980 in July, 1916.

For the seven months ending with July the lines show net revenue of \$367,914,241 as compared with \$360,180,674 for the same seven months of 1916.

SEA TURTLE BEEF SUBSTITUTE.

New York, Sept. 6.—Green sea turtles, prepared in a number of different ways, is the latest addition to the long list of meats now being offered to the public as a substitute for beef. Following the suggestions to conserve the beef supply the chefs of a number of uptown hotels have added several dishes made of green turtle to their menus. A four-year-old turtle weighs about 240 pounds, and they range in weight from 50 to 300 pounds for market use.

(ASSOCIATED PRESS TELEGRAM)
Indianapolis, Ind., Sept. 6.—Indications shortly before the convention opened here today of the joint conference of bituminous coal mine owners and the officials of the United Mine Workers of America, called by the miners' officers for the announcement of a substantial increase in mining wages, were that the conference would adjourn without action to meet again in Washington within a few days.

In the call for the conference issued by the miners' union, the coal operators of the central competitive field—which includes Illinois, Ohio, western Pennsylvania and Indiana—were asked to meet the officials of the International Union and the officials of the four districts involved when the miners would present their arguments for "a substantial increase in the mining scale."

The operators, although no statement was given out, indicated in their conversations that they preferred to wait the decision of Dr. H. A. Garfield, national coal director, on the price to be charged by retail coal dealers before taking any action on the question of an increase in the (Continued on Page 2, Col. 1.)

RUSH PLANS TO HONOR DRAFT BOYS WHO
LEAVE FRIDAY; OLD GUARD HONOR ESCORT

Representatives of most of the fraternal, civic and war organizations were present last night in the Chamber of Commerce when the meeting, called for the purpose of making arrangements for the send-off to be given "our boys" when they leave for Chillicothe tomorrow afternoon, was called to order.

Everyone present seemed to grasp the idea and get into the spirit of making the conscripted young men, who are to compose the first quota to be sent to the great camp, feel that all Newark were proud of them.

The send-off will be under the auspices of the Newark Branch of the Council of National Defense, with the officers of that organization holding similar offices for the work of preparing for and making the departure of those chosen for Camp Sherman an event to be long remembered.

The organizations represented last night were Newark Council of Defense, Chamber of Commerce, Rotary Club, Elks, Masons, Old Guard, Red Cross, Trades and Labor Assembly, Y. M. C. A., Woman's Federation of Ohio, Local Draft Board, and the County Draft Board.

The committees appointed to look after the different phases of the celebration for tomorrow and whenever the government sees fit to call for the rest of "our boys" are as follows:

Adolph Schiff, Mr. Scott and Mrs. Montgomery compose a committee who will furnish box lunches for the 17 who leave Friday.

On the music committee are F. S. Neighbor, Mr. Wm. Morgan and W. C. Miller.

The Old Guard will act as honorary escorts.

E. C. Wright, Frank L. Johnson and J. J. Carroll have arranged the following program:

Captain W. C. Miller will be marshal of the parade and will be assisted by S. H. Beadle.

The marchers will assemble at the Auditorium building at 11:45.

The formation will be as follows:

Buckeye Band, Old Guard, Drum Corps, the enlisted men fraternal

and patriotic orders and the business men.

The procession will proceed the square to the south steps of the court house where all will sing "America."

C. D. Coons, chairman of the county draft board, and Rev. L. P. Franklin, president of the Red Cross will address the men; C. H. Spencer will present the boys with medals; Ralph Priest, who will have charge of the men until they arrive at Chillicothe, will respond.

Whether or not the organizations will have their full strength in line is a matter of guesswork, because of the short time afforded them.

The committee hopes to have each order represented by its full force for the celebration by the time the second quota is called for service.

Mrs. Henry Fleck, Harry D. Hale, Mr. F. G. Steele, J. S. Elliot, H. Dolan and W. F. Boggs compose a committee who will call on the different organizations to solicit their help for both celebrations.

With the weather permitting a large gathering will honor the boys who will represent Licking county in Uncle Sam's immense army.

OHIO OFFICERS ARE
ORDERED TO MOVE
TO CAMP SHERIDAN

(ASSOCIATED PRESS TELEGRAM)
Chillicothe, Sept. 6.—Unexpected orders were received at Camp Sherman here today detailing 200 officers from the National Army here to go to Camp Sheridan, the Ohio National Guard camp at Montgomery, Ala. Three first lieutenants and the rest second lieutenants will proceed immediately, many leaving today.

Officers here do not know the meaning of the order but presumption is that the men will become officers of the Ohio Guard division. Whether it will mean replacement of present officers of many companies there or the filling up of deficiencies, is not known here.

Practically all of the men sent to Montgomery are graduates of the Fort Benjamin Harrison training camp and are Ohio men. Approximately 200 officers first were ordered last Tuesday to go to Hattiesburg, Miss., where Indiana and Kentucky guardsmen are training, but the order was recalled a few hours before time for departure.

There are a number of Newark men located at Camp Sherman, who may be affected by the new order, but no word has been received here indicating whether such was the case.

CHINA MAY SEND
PICKED TROOPS TO
AID THE RUSSIANS

(ASSOCIATED PRESS TELEGRAM)
San Francisco, Sept. 6.—The twenty-fourth Chinese army corps, composed of 15,000 picked troops from the northern provinces, is being mobilized in a Chinese city for immediate departure to Europe according to a cablegram received here by the Chinese Daily World from its correspondent in Shanghai.

The dispatch, censored and deleted indicated that the troops would be taken through Siberia to the eastern front. The message hinted that gaps in the Russian armies also would be filled by Japanese.

The Twenty-Fourth corps was said to include several companies of engineers, commanded by Chinese graduates from American colleges. An aviation corps trained by Americans and Frenchmen, will accompany the corps, it was indicated.

Editors of the Daily Word said today that if the soldiers were sent they would be the first Mongolians to fight in Europe since the time of Genghis Khan.

SWEDEN TO OFFER
ORE FOR U. S. COAL;
WOULD HIT GERMANY.

(ASSOCIATED PRESS TELEGRAM)
Stockholm, Sept. 6.—Hjalmar Lundbohm has been appointed to undertake a special mission to the United States. The appointment is looked upon as significant of a change in Sweden's commercial policy. Before the war, Swedish iron ore was to a considerable extent exported to the United States and Lundbohm's mission, it is understood, will undertake to re-open this traffic, which will cause a decrease in the quantity of iron ore sent to Germany.

Not only the general situation, the result of the commercial policy of the entente nation toward Sweden, causes her to seek relief, but Germany is no longer able to export sufficient coal for Sweden's demands and forces Sweden, to try to compensate her iron ore against American coal. This step, it is believed, will add to her independence of commercial relations with Germany.

The seizure, the department of justice announced, would in connection with federal grand jury investigations in Chicago.

In some cities I. W. W. officials were taken into custody for examination in court. Federal agents took charge of the national headquarters of the socialist party in Chicago and served on its counsel a warrant calling for surrender of its documents. The wholesale raids were carried out in accordance with orders of William C. Fitts, assistant to Attorney General Gregory.

Chief Justice Covington, of the District of Columbia supreme court was preparing today to make a report to President Wilson on his investigation of the I. W. W. situation in the west. He made a close personal study of the recent outbreaks which were characterized by federal agents as an effort to embarrass the government in its conduct of the war.

(ASSOCIATED PRESS TELEGRAM)
Buenos Aires, Sept. 5.—Employees of the Pacific railroad today formulated demands upon the company and workmen of the Central and Cordoba companies are awaiting a reply to their demands and workers of the Great Western railway have presented demands threatening to strike and today the strikers at the workmen are now out in the general strike an today the strikers at the plant of the German electric company refused the company's offer and the men remaining at work joined the strikers. Naval forces are guarding the naval stokers in the power house of the German electric company. Officials of the Santa Fe railroad have asked the provincial government to demand the provincial government for troops to guard the right of way, workmen of the company having threatened to re-strike after the settlement last week which ended an extensive destruction of property.

KAISER FAILED TO
JOIN TOLEDO QUOTA
FOR CANTONMENT.

Toledo, Sept. 6.—Amid the din of factory and steamboat whistles, the blare of a massed band of two hundred pieces, and the shouts and applause of thousands of spectators along the line of march, the first selected men sent from this city to Chillicothe marched from the court house to the union station this morning. There were 135 in the party.

The only one of the 135 selected who did not appear was John Kaiser. A substitute was picked immediately and a search started for Kaiser.

London, Sept. 6.—On the night of September 4-5, German aircraft dropped bombs on three hospitals, says today's official communication. Social fighting and patrol encounters occurred during the night two east of St. Julien and east of Fleurbaix.

CANTON DOCTOR KILLED.

Canton, Sept. 6.—Dr. William R. Rutz, 38, while riding in his automobile last midnight, was struck by an electric car and hurled from his machine against an iron street sign post. He was fatally injured, dying a short time after he was picked up. Dr. Rutz was a native of Philadelphia. He came to Canton two years ago.

CHINA KEEPS SHIPS.

Peking, Monday, Sept. 3.—(Delayed)—The offer of the allied governments to purchase or charter German ships which were seized by the Chinese authorities on the rupture of relations between Germany and China, has been declined by the government. The ships are being turned over to a Chinese syndicate for the ostensible purpose of augmenting China's merchant marine.

Copenhagen, Sept. 6.—A dispatch from Lugano, Switzerland, to the Vossische Zeitung of Berlin says it has been learned from a clerical source that the report that Pope Benedict is preparing a second note is incorrect.

TUBERCULOSIS INCREASES.

Copenhagen, Sept. 6.—Vital statistics for the city of Berlin now published for the months of March, April and May, show a 56 per cent

increase in the number of deaths from tuberculosis, as compared to the same months of 1916. The winter months also were highly unfavorable in their showing regarding the spread of tuberculosis and other lung diseases.

TOLEDO SPY SUSPECT
INTERRED FOR WAR

(ASSOCIATED PRESS TELEGRAM)
Toledo, Sept. 6.—Baron Enrich Rolph von Guernstorff was taken to Columbus today by a deputy U. S. marshal for internment in the military barracks there for the period of the war. This action was ordered by the attorney-general's department at Washington.

Baron von Guernstorff, a spy suspect, was arrested here July 13 upon information furnished by loyal German citizens whom he had approached.

He previously had been arrested and released in Cleveland and St. Louis. Police officers here said the baron told him he had escaped from a Canadian prison after outwitting and overhauling two guards.

The technical charge upon which he is held is that of having entered a government building in half-mile zone without a permit.

GERMAN PREDICTS

DURING THE WINTER

(ASSOCIATED PRESS TELEGRAM)
Copenhagen, Sept. 6.—Heinrich Heydebrand, the Conservative leader whose ill fortune with an earlier prophecy that the submarines would crush England within two months and end the war, fresh in mind, has again ventured a forecast. This time he predicts that the war will not last through the winter, and probably will be ended by the new year.

Herr von Heydebrand is opposed to an extension of the war to prevent neutral states from joining Germany now has enemies enough and dare not let other states submit pressure and enemies.

AUTO BANDITS ACTIVE.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Sept. 6.—Three auto bandits speeding about the East Side of the city early this morning held up a saloon, a coffee house and a pedestrian. The saloon keeper was robbed of \$50 at the point of revolvers, the coffee house proprietor robbed of \$80 and the pedestrian of \$23 and a watch. The bandits escaped.

mining scale. It seemed to be the consensus of opinion of both the operators and the miners who would talk on the subject that the conference here, which was to open informally, would be adjourned to Washington. The desire of the operators seemed to be to leave the entire coal question to the federal authorities.

It was stated unofficially that the miners would ask for an increase of 20 cents a ton for pick and machine mining and an increase of from 40 to 50 cents a day for all day labor at the mines.

After calling attention to the fact that the conference here is to be informal, a statement issued by President John P. White of the United Mine Workers of America, continues:

"With the pinch of winter near at hand there must be some incentive offered the miners to hold his services at the mines.

"Shortage of coal cars making full-time operation impossible, offers of high wages in other industries will soon reduce the men employed in and around the mines to such a number that an adequate coal supply cannot be secured at any price.

"There must be and will be a substantial increase in wages to meet these conditions and also to enable the miners to meet the ever-soaring cost of living.

"In the interest of the public welfare, we will speedily endeavor to arrive at a satisfactory settlement, hopeful of having the exodus of miners to other industries immediately following an agreement in the central competitive field. Like increases will follow in the anthracite and all outlying bituminous districts."

The wages paid coal miners through the country has been based on the scale negotiated between the miners and operators of the central competitive scale for a number of years.

OHIO FACES COAL FAMINE.

(Associated Press Telegram)
Columbus, O., Sept. 6.—Ohio is on the verge of a coal famine, according to reports received today by Attorney General Joseph McGhee, and the state public utilities commission. From many parts of the state information is being received that the coal on hand is about exhausted and that it is practically impossible to get a new supply.

Coal men declare that the federal order directing the shipment of coal to the northwest is responsible for the shortage. A prominent Hamilton coal dealer whose name is withheld at his request today informed Attorney General McGhee that he had sent letters to 75 operators asking for coal at the new prices set by the government, and that he had found but one operator who was willing to sell to him on such terms.

State officials received word that it is practically impossible to buy any coal in Ohio at the low price set by the president. In nearly every case, it was reported, those who wish to buy at the new prices are turned away with the statement that the supply has been contracted for at the old prices, and not until after these orders are filled will coal be available at the new prices.

Complaints received by the attorney general indicate that some operators are evading the reduced prices set by the president by dating back orders for coal to make it appear that they were received before the time set for the new prices to take effect.

"We should all profit by the mistakes of others," quoted the Wise Guy. "Is that the reason you have never married?" asked the simple Mug.

ale on this front is now reported to be better than the earlier accounts of the retreat seemed to indicate.

The Italian campaign for Trieste is being vigorously pushed in the face of vast concentrations of Austrian infantry and artillery and General Cadorna continues to report progress. It seems that he unofficial reports of the capture of San Monte Gabriele by the Italians were premature judging from the latest advances from the front, but the ultimate reduction of this last remaining stronghold of the Austrians in the Gorizia hills is accounted a certainty by the military writers in view of the steady Italian progress through the protecting works.

PETROGRAD NOT THREATENED.

(Associated Press Telegram)
Petrograd, Sept. 5.—General Alexieff, former commander in chief, said today that Petrograd was not threatened by the fall of Riga. The great danger he added, was on the Rumanian front. General Vassilkovski, commander of the Petrograd military district agrees with General Alexieff. He declares the fall of Riga is of moral but no strategic importance and gives assurance that the Petrograd garrison is in good spirits, well disciplined and confident of the safety of the capital.

Drastic measures have been decided upon by the government to avert serious conditions at the capital as a result of the capture of Riga. Agents will be sent out to stop the flood of refugees on the way here. Railroads have been forbidden to sell them tickets to Petrograd.

said today to be but one step in the vigorous campaign which the department of justice is prepared to conduct against this organization wherever they may show themselves.

While the I. W. W. is perhaps the largest organization which will engage the department's attention in the campaign, from now on other organizations and individuals whose utterances and activities have given ground for suspicion of disloyalty will be under stricter surveillance than ever and more drastic measures will be pursued in dealing with them.

Included in the classes of persons with whom the department may soon deal are called soap box orators of New York and other large cities; writers and publishers, in a few instances connected with the German language press in this country, so-called conscientious objectors and a large number of individuals not classified among the foregoing, whose activities have led them to be regarded as the active friends of Germany in this country.

For months the government has been collecting a tremendous amount of evidence which can be utilized in prosecutions in connection with yesterday's seizure of I. W. W. papers and other "prosecutions contemplated in the near future."

Telegraphic reports from all sections of the country were received by the department today telling of the results of yesterday's raid. A great mass of documentary matter was obtained and all of it will be gone over carefully by local United States attorneys with a view to determining the truth of charges against persons identified with the organization against whom there has been heretofore no actual proof. To curb the activity of citizens and others suspected of disloyal and seditious utterances and activities, the department has increased its force of field workers and the force at the disposal of federal marshals and attorneys in the chief cities.

BATTLE OF MARNE AND LAFAYETTE'S BIRTH CELEBRATED

(Associated Press Telegram)
New York, Sept. 6.—The double anniversary of the birth of La Fayette and the battle of the Marne was celebrated here today while similar exercises were held in many other cities of the country.

Prior to the principal ceremony in New York celebration at city hall there were to be exercises in Union Square and Brooklyn. At the latter place John Quinn was to make an address at the La Fayette monument. In Brooklyn, Stephanie Lauzanne, editor of the Paris Matin will make a short address at the La Fayette statue in Prospect park, which was unveiled by Marshal Joffre. Tonight there will be a banquet at which Ambassador Jusserand will be one of the speakers.

At City Hall, where the guests of honor, including representatives of France, Great Britain, Belgium, Italy and Russia will meet, Willard Darratt will preside. Mayor Mitchell is to make a speech of welcome. Addresses will be made by Dr. Henry Van Dyke and Andre Tardieu, who heads the French war mission in this country. Messages from President Poincaré of the French republic, Ambassador Jusserand of France, U. S. Ambassador Sharp, Admiral Beatty of the British navy and General Pershing will be read.

Representatives of the armies of the allies now in the country on business or on furlough will be present in uniform. The U. S. army and the navy are to be presented by detachments. After the speech making at the city hall, all present will march up Fifth avenue to 59th street. The parade promises to be more colorful than any the city has seen for some time, owing to the diversity of the uniforms.

PHILLIE HONORS HERO.

(Associated Press Telegram)
Philadelphia, Sept. 6.—La Fayette Day drew thousands of patriotic citizens to Independence Hall today to honor the memory of the great Frenchman who came to the aid of the United States in the early days of the country's struggle for existence. While France was observing the 160th birthday anniversary of La Fayette, patriotic exercises were being held in the Shrine of Liberty where La Fayette spent considerable of his time in the first great struggle for democracy.

Julius Jusserand, the French ambassador, was the center of the celebration here and was on the program for the principal address. A feature of the observance was the raising of Independence Hall of the new Washington-Lafayette flag made in the Little Bessie Ross home where the first American flag was created. A similar flag was to be raised over the city hall of Paris at about the same time.

flag by American and French girls and each star has the name of one of the colonies embroidered on it. On the reverse side of the flags is the inscription "Washington-La Fayette—July 4, 1776, Independence Hall."

SMOKERS AND TIPPLERS PAY HEAVY DANISH TAX

(Associated Press Telegram)
Copenhagen, Sept. 6.—Drinking and smoking will really be luxuries in Denmark under the new taxation program just introduced in parliament. This provides for a special tax on wine, equal to the retail price per bottle, exactly doubling the cost to the consumer, and almost doubling the tax on beer, making it, according to the president of the Brewers League, the highest in the world.

The measure increases the tax on cigars, cigarettes and tobacco from 20 to 33 per cent of the retail price and is expected to return 16,000,000 kroner additional taxes. It fixes a special tax of 10 per cent on all sales of jewelry and precious stones. The income tax on incomes of more than six thousand crowns is increased by 33 to 77 per cent. The property tax on property of the value of 15,000 crowns and upward is virtually doubled. A 25 per cent increase in railroad passenger and freight rates is provided.

The minister of finance in introducing the measure, said that the government would not have resorted thereto if any end of the war were in sight, but that as conditions are at present the measure was an imperative necessity.

GOVERNMENT MAY KEEP BIRTH RECORD.

(Associated Press Telegram)
Washington, Sept. 6.—Department of commerce officials want the government to keep a record of all births and deaths and recommendations to congress providing for a federal record of vital statistics probably will be made in the forthcoming annual report of Secretary Redfield. Only twelve states keep records of births, and 26 death records. The work of the census bureau in estimating the country's population in many ways will be greatly facilitated by a federal record of vital statistics. Such a record, officials feel, could be highly useful in many other ways as well. The recent estimate of the population in connection with the drafting of men to military service it is thought, would have been more accurate had there been such a record available.

Officials studying the question of the labor that an amendment to the constitution is necessary to enable the government to keep such a record. This phase of the subject is being studied closely.

SCHOOL EXHIBIT AT COUNTY FAIR WILL BE AN ATTRACTION

One of the most interesting features of the county fair next week will be the Licking county school exhibit in which more than two score of country and village schools will participate. The exhibition will be under the direction of N. D. O'Wilson, county superintendent, and the district and village superintendents, and nearly \$200 in cash prizes is offered by the Newark Chamber of Commerce. The fair board is offering a second premium for every one offered by the Chamber of Commerce.

This exhibit was launched last year by the Chamber of Commerce to promote closer relations between the country and city. Next to the racing, it was the most popular attraction of last year's fair and bids to excel that record this year. The rules of the contest follow:

All entries are free to the school children of the county.

Drawing that indicates tracing will not be considered.

Maps and drawings for individual entry must be on good quality of paper or cardboard.

All penmanship to be on good quality of paper, 8 inches by 10 1/2 inches in size.

No pupil to make more than one entry for the same premium.

All manuscripts and drawings must bear the name and age of the pupils exhibiting.

In township displays, one or more schools may be omitted. In consolidated schools, city or town, each room must have at least six square foot space and one or more schools may be omitted.

All display and individual work must be arranged not later than 12:30 p. m., Tuesday of the week of the fair.

Specimens entered for premiums must bear the name and the age of the pupil and date when specimen was prepared. Also specimen must have entry number on lower right hand corner.

Entries for school exhibit to be closed September 11.

The same specimen will be considered for individual and for con-

OLD FOURTH REGIMENT LIKES "166TH" BETTER

Camp Perry, O., Sept. 6.—Members of the old Fourth Regiment, Ohio National Guard, who are in training here preparatory to going to France soon as a part of the so-called "rainbow division," no longer like to be referred to as men of the "Fourth." Since being mustered into the federal service the old "Fourth" regiment is now designated the 166th.

Colonel W. H. Duffy of the quartermaster corps of the adjutant general's office at Columbus, paid a visit to the camp recently. He met several of the soldiers in a restaurant and asked them if they belonged to the "Fourth."

"Now, we belong to the 166th," replied one of the men with a suggestion of disgust in his tone.

"The soldiers are brawny, happy, and eager for the time to come when they shall leave for France," said Colonel Duffy. "They are getting intensive training, both with the bayonet and in trench warfare and are taking to their instruction as a duck takes to water. You should see them thrust the bayonet into the dummy."

COUNCIL PASSES POLICE ORDINANCE; TWO POLICEMEN, TWO DRIVERS ADDED

Another police ordinance was passed by the council last night after much heated discussion in which personalities were indulged in by a number of the councilmen. The new measure provides for two additional policemen and two drivers. It increases the force to 29 men and three officers, the chief, captain and station house keeper.

Upon final passage the measure carried seven of the nine votes in the council. W. C. Seward, who has valiantly fought the battles of Officers Shively and Richter, who were removed by an ordinance passed two years ago, and which was later held invalid by all the courts in the state, opposed the new measure from the beginning. He opposed it last night and made a heated argument against it, declaring that it originated in the patrol station. He declared that it was not offered until Richter, who was never returned to work under the court order, had enlisted in the army and was out of the running as far as a police job is concerned. He spoke of an "official dictator" in the police department.

Councilman Curry denied that the measure originated at police headquarters, declaring that it was drawn at the instigation of a number of business men who wanted more police protection for the city.

Assured pure water was in sight last night when Service Director Christian reported that he had contracted for a purification plant which would be installed two weeks after delivery. This date will depend upon the delivery of the apparatus by the railroad company. Possibility of a municipal ice plant was hinted in another report by Mr. Christian in which he stated that with the city engineer he had conferred with experts and would have a full report at the next meeting.

Dr. Shriver was absent when council was called to order at 8 o'clock. Only a few citizens were in the room to watch the proceedings. In a joint report by the finance and safety committees on the subject of increased salaries and the proposed double-platoon system, the committees recommended that the matter be delayed until such time as there is more certainty as to the city's finances.

The law committee recommended the dedication of land for the opening of an alley north of Union street, between Williams street and Day avenue.

The committee reported that there was no relief from the noise nuisance from the gas producers at the plant of the American Bottle company. Councilman Curry protested against the acceptance of the excuse, declaring that people in the community were entitled to relief. South End representatives protested against cinders from the stack of the Ohio Light and Power company plant. Officials of the company promised relief as soon as equipment already ordered, arrives and is installed.

Mayor Higbee reported the collection of \$27 in fines in city cases; \$200 in fines in state cases; \$57.70 in mayor's fees, and \$81.05 in officers' fees.

City Auditor Dodd reported that the Industrial Commission of Ohio had rejected the \$72,000 bond issue for street improvements. The sinking fund trustees also rejected the bonds.

Service Director Christian reported that he had contracted for a chlorine purification apparatus at a cost of \$575 and a four years' supply of liquid chlorine at 13 1/2 cents per pound. Mr. Christian also reported that the repairs to the dam had resulted in restoring the usefulness of the infiltration system and that an adequate supply of filtered water was now being secured.

City Engineer Wells reported on the cost of repaving of West Church street. He proposed to use sheet asphalt. The improvement, extending from Third to Eleventh street, will cost approximately \$64,000. The street railway will pay \$26,611.66 of this amount. He estimates the front foot cost as follows: From Third to Fourth, \$4,136. Fourth to Sixth, \$4,136, where single track is used and \$3,031.22 where double track is used; Sixth to Eleventh, \$1,851.22.

North Fourth street property owners complained of a dangerous tree at 103 North Fourth street. Margaret Thompson and others asked for a sewer in Columbia street.

Mrs. Martha Perry and Mrs. Franklin notified council that they would resist council's order to build new sidewalks in front of property in Hudson avenue as the properties have good brick walks now.

Attorney William Lavin for D. P. McDonald, submitted a bill for damages to Mr. McDonald's automobile when it struck a fire plug in South Newark in a newly opened street. These matters were referred to the law committee.

An ordinance was passed under suspended rules to issue note in anticipation of the collection of special assessments, the sum of \$5,660, to build new sidewalks.

The ordinance providing that a fee be collected for all gasoline vending tanks installed within a certain area was defeated on third reading. Messrs. Alexander, Curry, Seward and Seward opposed the ordinance. It was favored by Messrs. Adams, Beadle, Knauber and Stasel. Councilman Shriver was absent.

The ordinance increasing the number of policemen to three officers and 20 men was read the third time. Councilman Beadle offered an amendment providing for 18 regular patrolmen and two drivers or chauffeurs who will receive \$85 per month. This gives veterans in the police department opportunity to take examination for the position without losing their seniority. A heated discussion of the merits of the ordinance lasted for more than a half hour. A motion to suspend rules and adopt the amendment was carried by a vote of 7 to 1. Mr. Seward voting against the suspension of rules. The amendment was carried by the same vote. The ordinance was passed with the same vote. By this ordinance the police department will be increased by four men. After the ordinance was passed, the debate but were declared out of order by President Keller.

A resolution was adopted to appoint a committee to confer with the railroad officials regarding the lighting of railroad crossings in the city. The safety committee and service director will confer with the officials.

Councilman Alexander urged council to definitely recommend a certain kind of improvement for the restoration of German street.

President Keller appointed Messrs. Seward, Stasel and Knauber to act in connection with the nuisance from the Ohio Light and Power company's plant.

Service Director Christian reported that he had conferred with ice plant experts regarding the feasibility of a municipal ice plant and promised a report at the next meeting.

200 MEXICANS ARE DROWNED AS BARGE SINKS NEAR SONORA

Los Angeles, Cal., Sept. 6.—According to a telegram received here, 200 Mexican soldiers were drowned last night in the Gulf of California as the result of the sinking of a Mexican government vessel.

According to the meager advices received the soldiers were from the Guaymas garrisons and were being transported by barge with a number of horses and a quantity of military equipment from Point Isabella to La Balsa, Sonora. The barge was in tow of a government tug.

A sudden squall is said to have caused the barge which was expected to be one of the number originally constructed for river work and unstable in a running sea.

Carranza officials at the border points disclaimed any definite information of the disaster, but stated it was probably a correct report. They said that barges have been used frequently for transport work lately. They also said that a troop movement of the character described was known to have been ordered.

The report said the squall which caused the capsizing of the barge prevented the tug from rendering assistance to the struggling men.

WHY BE WASTEFUL?

Your shoes need repairing, perhaps a small patch or a new sole will make them as good as new. Why be wasteful when you can have them repaired at small cost. In fact you can get several months' wear out of a pair of shoes if you will take them to Wm. Fishbaugh & Son and let them make them as good as new. The cooler days are coming and the high prices prevailing make new shoes almost prohibitive. You can save many dollars by hunting up that old pair and having them repaired. There is no place in town where you can secure a better job at a more reasonable price than at 67 Hudson avenue where the best of materials are used and the best workmen employed.

With just a piano to help, "Night Time in Little Italy" pours a cascade of meter into a room and gives the weariest trotter a second-wind of energy. "Hezekiah" on the reverse side is a splendid one-step.

Memories—Waltz
Columbia Record A5974, \$1.25

"Memories" is a new waltz and a good one. Most pleasant memories seem to move through our thoughts in the soft, stately tempo of the waltz, and the waltz itself is an awakener of memories. On the reverse side is a beautiful orchestral playing of a tuneful waltz, "Hawaiian Nights."

Add to these George Cohan's "You're a Grand Old Flag" One-Step, the "Mele Hula" Fox-Trot by the favorite Jockers Brothers, the "Cold Turkey One-Step" by Rector's Orchestra and "Indiana" One-Step by the Dixieland Jazz Band—and you have records the Columbia dealer likes to be asked to play. It is the one way he can be sure of their being appreciated. Do not hesitate to ask him to play these records for you the next time you are near his place.

BOY WORKERS.

It has been an interesting sight to go out on the farms this summer and see the gangs of boys that have been working. While boys have always worked on the farms of their fathers and the neighbors, never before have such large gangs been organized in towns and cities to get out in the country and help pull the farmer out of the hole created by scarcity of labor.

One boy who tried this experience tells of working with a gang of 50 Boy Scouts on a large market garden. The farmer was in despair at the way work was piling up ahead of him. Early fields could not be harvested because of lack of help, and the later crops were being spoiled with weeds.

Finally he applied to the Boy Scouts organization of a near-by town and a special meeting was called. The farmer presented his case and urged the boys to take hold out of patriotism and help finish up his crops. Of 20 boys present, 18 volunteered, and others came in later.

Of course the results accomplished were not proportionate to the number of the workers. One of the boys said it looked to him as if it took about two boys to do the work of a man. The boys were strong and agile and learned quickly. The great trouble was that they could not stop talking and fooling. While they were picking tomatoes every overripe specimen was seized as a very handy missile. Woe to the boy who had an unusual looking hat or who finished his stunt too quick. He soon received unique and brilliant decoration.

However, the very first morning the boys got the weeds out of a two-acre patch of celery, and stirred around the roots, making things look vastly different. So it went on all the week. It helped the farmer around a bad corner. In all large towns this reserve of labor has not been half utilized as yet. It needs close supervision, but it is capable of doing a lot.

SACRIFICES FOR CHILDREN.

It is a pretty sight to see the children setting off school in their new clothes on these bright fall mornings. For a time at least until the new has worn off, they look pretty stylish.

There is one thing on which the American people are unanimous, and that is in favor of education. Public sentiment is leading people to keep children in school longer than formerly. It is seen that the youngster who drops out before reaching the high school stands a poor chance in life.

When a family has decided this fall to keep on sending the older children to school instead of putting them to work, it means saving and scrimping in many cases. If the girl has a new gown, mother has probably got to wear her old dress. The family that persists and keeps the children in until they know something and can do intelligent work, comes out a great deal better in the long run.

PROFIT-GRABBING.

An Illinois coal operator, recently testifying before a Missouri commission, said that his company had been able to get as much as \$6 a ton on some of their coal that cost them only \$2. He defended the price on the ground that "they could get it." He argued that other people charge all they can get, and that no lawyer would do a piece of work for \$5 if he could get \$10 for it.

This may be true, yet capitalists should realize that if their industries are to remain on a secure foundation they must charge only reasonable prices. The express companies a few years ago tried out this idea of charging all they could get. They were quite defiant, and some

of the companies made very big money.

The big profits created popular antagonism. This resulted in the establishment of the parcel post. Some of the companies went out of business, while others with weeping and gnashing of teeth accepted lower rates. If they had charged reasonable rates in the first place, it is not likely that the government would have ever bothered to compete with them.

A fair price is not determined by finding out what the people will pay for necessities when driven by the pressure of monopoly or by their exigency. It is to be based on the cost of production, plus a reasonable interest on capital and compensation for the brains and energy of the producer. Few people would say that a price of \$6 is fair return on a cost of \$2.

Corporations may be able to run on that basis for a time. They arouse the hostility of the public. When they want favors or encounter labor troubles they will get little popular sympathy. It is wiser policy in the long run to sell for a reasonable compensation.

"EVERYTHING IS GOING WELL."

(Philadelphia Record.)
If any persons are disposed to think that the United States is not making war with sufficient energy they should give heed to General Pershing's statement, made in connection with the removal of his headquarters from Paris to the front. These words are worth remembering:

"Everything is going well with us both as a nation and as an army. We are making giant strides day and day, but we are just started."

It was less than five months ago, on April 6, that the United States formally recognized the state of war forced upon us by Germany. Since then enormous progress has been made. Within less than a month our navy was taking an active part in operations abroad and within less than three months a well-equipped American army had set foot in France. Since then many thousands of men have followed this first contingent. At home another great army is in training.

Our government faces difficulties of transportation and supply immeasurably greater than those Great Britain, France, Germany and the other belligerents have had to overcome. To send a large army safely across 3000 miles of water infested by enemy submarines is an enterprise requiring vast preparation and great technical skill. When this force reaches France all the obstacles will be by no means have been overcome. The French railroads are run down and congested, and to insure the proper transportation and provisioning of our troops new facilities must be provided. For this purpose alone 150,000 tons of steel rails, sufficient to equip a double-track railroad 600 miles long, and hundreds of locomotives and thousands of freight cars have been ordered. All such work requires time.

It should be a matter of great gratification that in General Pershing's view, and, as we know, in the opinion of our allies, "we are making giant strides day by day." In the end all this careful preparation will play a great part in the defeat of Germany or in forcing peace. In the meantime, as General Pershing says, "and until we can properly take our place in the line the people must be patient and as confident as we are, who know what we are doing and what we must do." For the first time in its history the United States is making war with high intelligence and the best brains the country can furnish.

FORTUNES IN PICTURE GAME

(Film Fun.)
That the standard of excellence which will necessarily result from open booking will make the picture game hard, or even the multi-millionaire to break into, and wellnigh impossible for the average actor, goes without saying. Quite a few studio stars we could name are drawing salaries equal to that paid to the President of these United States. A dramatic director that isn't worth at least \$1,000 a month isn't worth considering. Continuity writers are paid anywhere from \$3,000 to \$7,000 a year, or more. Publicity directors are demanding and receiving a wage commensurate with the work they do and the responsibility for success or failure of a picture which rests upon them. Members of attractive supporting cast must have attractive contracts and steady work or they will be encouraged to desert. All these total only a small part of the cost of a production. But it is estimated that 10,000,000 admissions a week are paid to movies, so a good picture soon pays for itself and has in prospect after that a long and profitable career. It is a good game, and getting better, but there is no place in it for weaklings.

WESTERVILLE'S MANAGER.

(Ohio State Journal.)
Our enterprising and charming little neighbor, Westerville, has chosen a city manager, and it has gone outside the burg to do it. It has risen above the question whether the Bill Jones or Pete Funks sang shall divide the political plunder among their respective followers, and has reached the height where the only question is what is for the good of the community. So out of a list of 46 applicants for the job it has chosen a man from New York, who is deemed capable of performing the high duty of governing that town and spending its taxes. Westerville has sought the man and has not permitted anybody to say who he should be. It has honored itself by so doing. It will have a government of merit, which will attract people there and make the town worth living in. We do hope its new manager will meet Westerville's highest expectations. Stand by him.

The next day he stopped at the door with a note from his mother a-tellin' me the Willin' Workers was to meet at her house to sew for the church, an' thinkin' to be pleasant I says to Hap, "I saw you a-goin' fishin' yesterday, Hap; did you ketch anything?" I says, "Well, Aunt Caline," says he, "I did when I got home," he says.

McAdoo says our war expenditures for the first year will be \$19,000,000,000, while Kitchen of the House Ways and Means Committee says we must raise \$21,000,000,000. What's a billion or two among friends.—Pittsburgh Gazette Times.
We shall not cavil at this. Besides the figures all look the same to us after they pass the first million.

OUR PATROLLED COASTS.

(New York Herald.)

It is or possibly may be a commonplace of troubled opinion that Berlin's earliest reply to the president's message will be a centralized direction of submarine attack on American ships and a hurried raid or foray on unprotected sections of our coasts. As of old, the overtimorous probably will see off every home port an enemy craft and in every sea line detect the half submerged periscope of a skulking pirate. But let these take heart of grace and hope for better things.

Important conditions, some old and many new, militate against the importance, the possible realization to any extent of such lurking fears. The number of German submarines fitted for long voyages has been greatly exaggerated; but their value has of late been doubted because of the compromises that had to be introduced in their construction, and even were they doubled in number work enough without permission diversions is cut out for them off the coasts of Europe. Finally discarding the arguments whether the chances of submarine attack are better in winter or in summer, remember that the growing rigors of the western ocean are not to be dared, even by sheer and despairing audacity.

Nearer home our off-shore patrol is reaching a satisfying plane of efficiency. Lacking destroyers, this cannot be perfect, but by and large other units are giving unexpectedly good accounts of themselves. It is surprising what the spirit infusing the patrol squadrons and their persistent experience, under a fine organization, has already achieved. With such a main force as ours the career of a raider would be sharp and short, and with the daily expansion of the lookout and scouting flotillas the possibilities of harm from any stray submarine approaching our shores would be cribbed, cabined and confined. The main thing, then, is not to worry. "If you can't be easy, be as easy as you can."

THE DOMINANT MINORITY.

(Cleveland Plain Dealer.)
The city of Xenia follows the example of Dayton, Springfield and other Ohio towns larger than herself in adopting the commission form of government. Like other communities, too, the Xenia commission was left to a minority of the voters. So Xenia, in spite of a favorable majority of those attending the polls, really does not know what the majority of the city's electorate thinks about the change in form of government.

Abandonment of one form of government and the adoption of another should be sufficient interest to a community to command a large attendance at the polls at a special election. As a matter of experience it is not so considered. The majority negligently turns over to a minority decisions of importance to every individual.

Where charters are voted on at regular elections, the vote is likely to be larger, but in that case the danger exists of complicating a non-partisan issue with partisanship of the keenest sort. There seems to be little choice between the methods.

BEST LISTENER IN WORLD.

(Pensacola Journal.)

The horse is really one of the best listeners in the world. He is always on the alert for sounds which concern or interest him. When he looks at anything he turns his ears toward it to observe the better whether any sound comes from it. If a horse is particularly interested in your driving of him he always turns his ears backward toward you, but if he has no concern on that subject or if he sees anything ahead that interests him he keeps his ears pricked forward. A horse hears the whinny of another horse at a greater distance than the average man can hear it.

Did You Know

That a squadron, in military language, denotes two troops of cavalry? It is the unit by which the force of cavalry with an army is always computed. Three or four squadrons constitute a regiment. Unpleasant Outlook.

Prisoners taken by the Italians must feel rather uncomfortable when they reflect that winter is approaching, that there is a shortage of coal in Italy, and that even in those Southern climes the weather is often pretty chilly.—Charleston News and Courier.

The Other Kind.

When you hear stories of disaffection among the immigrant population, remember that such stories deal with only one kind of immigrants. Out in Indiana on Friday a Russian who received his first citizenship papers and was pronounced by the draft board to be physically fit for service, shouted with joy, hugged the doctors and serenaded the conscription officials with patriotic songs. Others than this Russian feel as he does. Don't suspect a man because he was not born in America.—Buffalo Express.

What Really Counts.

If the People's Council is denied a hearing in Washington it will be a grave blow to free speech in America. Aside from their opposition to the draft law—the repeal of which it is quite within their legal rights to ask—their program as set to us relates largely to economic policies, taxation, etc., the international organization of the world after the war, and the question of peace terms. But whether these are mischievous, or misguided, or merely misunderstood people, is now a question of minor importance. The great issue is whether legitimate, law-abiding free speech as guaranteed by the Constitution of the United States is or is not dead in America.—New York Evening Post.

Those Strange Tales.

Every newspaper man knows that when he gets a big story, the most effective way of telling it is through the use of plain and simple language. On the other hand when the tale is deficient in facts and is lacking in that vital interest which grips and holds the reader's attention, the fault is sometimes overcome by clever writing. When there is little going on or little that may be reported—well, we may expect strange tales such as have come from behind the battle lines in France. Since the censor forbids the sending of news which might be useful to the enemy, other kinds must be sent. Nobody will be rash enough to say all these strange tales are not true, but surely one may entertain one's private opinion about them.—Seattle Post Intelligencer.

Miss Marie Baker and Miss Mable Baker of Newark are guests of Miss Katherine Baker at her home in East Market street, Sandusky. They have been honored by a number of delightful events arranged for their pleasure. On Saturday evening Miss Lucille Quinn of Whitmore, entertained eight guests at dinner, and in the evening a number of young people were invited to an informal dancing party. On Monday Miss Elsie Worden entertained for them and a dinner party was given at Dew Drop Inn cottage at Rye Beach.

The marriage of Miss Edith Stahler, a graduate nurse of Grant Hospital and Mr. Wallace W. Masteller took place Tuesday afternoon at the home of Rev. Leonard W. Doolan, pastor of the First Baptist church, Columbus. Mr. Masteller who is a graduate of Denison University and a member of the Sigma Chi fraternity, left at once for Chillicothe, where he will be in the quartermaster's department.

The A. F. F. W. rooms in the Y. M. C. A. will be open Friday morning to receive the comfort kits which are to be sent to France for the soldiers' Christmas. Hereafter the rooms will be open all day Tuesday instead of Tuesday and Friday mornings.

A delightful surprise party was held Tuesday evening in honor of Mr. Clyde Arnold of Pond street on the occasion of his 21st birthday anniversary. Games and music were enjoyed and at a late hour refreshments were served to the following guests. Miss Catherine Sabian, Marie Barrott, Catherine Eisinger, Margaret Connors, Marie McLain, Beatrice Arnold, Mrs. Deslie Rine, Sarah Mattox, Rebecca Arnold, Sarah Wein, Mr. George Connors, Benj. McMurtry, Robert Perkins, Russell Rine and Clyde Arnold.

One hundred guests were present at 7:30 last night at the residence of Mr. and Mrs. Charles Mayhew Wing, 231 West Tenth avenue, Columbus, for the marriage of their daughter, Margaret Mary, to Mr. Homer L. Dodge, Iowa City, Ia.

The ceremony took place in the large living room, where masses of pale pink and delicate lavender asters were combined with greenery as a background for the bride party. The same color scheme prevailed throughout the house.

How to stop dandruff and loss of hair with Resinol

Here is a simple, inexpensive treatment that will generally stop dandruff and scalp itching, and keep the hair thick, live and lustrous:

At night, wash the hair with a little Resinol. Rub the scalp gently with the tip of the finger. Repeat this until the whole scalp has been treated. Next morning, shampoo thoroughly with Resinol Soap and hot water. Work the cream Resinol into the scalp. Rinse with gradually cooler water, the last water being cold. All druggists sell Resinol Soap and Ointment.

the marriage service. Mrs. Grace Hamilton Mowrey played a short program of piano numbers prior to the wedding march from Lohengrin, to which the nuptial party entered. The bride was attended by her sister, Miss Alice Wing, as maid of honor. Miss Mary Shields and Miss Mary Stoddard were bridesmaids. Mr. Charles M. Terry, Iowa City, was best man, and the bride's two brothers, Mr. Shirley T. Wing, New York, and Mr. Herbert Wing, were ushers.

The bride wore a gown of ivory, white satin, banded with duchesse lace. The bodice was fashioned of pearl-embroidered chiffon and satin and the same material was used on the skirt. Her veil was of tulle and she carried a shower bouquet of lilies of the valley and roses. Miss Alice Wing wore a frock of white, hand-embroidered French organdie, made with quaint bodice and rather full skirted. She carried a loose arm bouquet of delicate pink asters and darker pink roses. Pale pink georgette was used for the bridesmaid's gowns and they had arm bouquets of pink and lavender asters.

OHIO RED CROSS HAS NEW HELPERS

James R. Garfield, manager, lake division, American Red Cross, yesterday announced the appointment of directors of three more of the bureaus now being established to conduct Red Cross work in Ohio, Indiana and Kentucky.

Ralph S. Root, of the Root & McBride Co., wholesale dry goods merchants, is director of the bureau of transportation and supplies.

F. L. Chertlain is director of the bureau of accounting.

D. C. Dougherty, four years a member of the Plain Dealer staff, has been made director of the bureau of publicity, and assistant to F. E. Abbott, director of the bureau of development.

Mr. Root has opened a receiving and shipping depot in the Bangor building, 552 Prospect avenue, S. E. At that location he will sell to chapters raw materials furnished by American Red Cross National Supply service.

OLD GUARD NOTICE

Company B, Old Guard, will assemble at Memorial hall at 12:30 p. m., in full uniform and guns, with banners flying, Friday, to bid Licking county boys goodbye, praying God will be with them until we meet again. Turn out, everybody, to make this day one the boys will long remember of their good friends in old Newark. Let's extend the glad-hand to every one of them, singing that glad old song, that meant so much to us in 1861-1865: "We Are Coming, Father Wilson, Six Hundred Thousand More."

MATT BAUSCH, Captain.
D. H. HOLLISTER, Adjutant.

MIDLAND WORKERS PRESENT LANIGAN WITH WRIST WATCH

W. B. Lanigan, an employee of the Midland Shoe company, West Newark, and one of the young men who volunteered as a member of the first quota of drafted men to form the selective army at the Chillicothe cantonment, was agreeably surprised at noon today when General Manager Gus Weigand stopped him and stated that he wanted him to call at the office. Shortly after all the employees gathered in the court around the fountain and the young soldier was presented with a handsome wrist-watch. He was completely overcome, but managed to thank the officers and his fellow-employees, and all grasped him by the hand and bid him goodbye, wishing him a safe return.

LIBRARY ASSO. WANTS GOOD BOOKS FOR SOLDIERS IN CAMP

Wherever soldiers assemble in camps-cantonments or trenches there is a demand for reading matter. The expedition under General Pershing had been but a short time in France when he sent back to the United States a request for reading matter for his soldiers, emphasizing especially current periodical literature, popular magazines and newspapers.

If the troops of General Pershing, at this season of the year, in the midst of novel environment and scenes of absorbing interest, feel too need so early in their service, there will assuredly be a demand for books, magazines, and papers through the coming autumn and winter at the military posts in Ohio, especially at the cantonment at Chillicothe.

A movement is under way to provide literature for these troops. Donations are solicited. Poorly printed, uninteresting out-of-date books should not be sent to the soldiers. The following suggestions as to the kind of books and magazines wanted are adapted from a circular of the War Service committees of the American Library Association.

Books of good stories; books of adventure, sea stories, especially humorous ones. Such authors as Kipling, Doyle, McCutcheon, O. Henry, Stetson, Rudyard Kipling, Mark Twain, etc. have been found popular authors with men. Good poetry and drama can be utilized. All men must be helped by this service. Some of them have not es-

tablished reading habits. Some of the books must therefore be light and easily read.

Foreign language study books, especially French grammars and dictionaries are much needed.

Technical books of aviation, wireless telegraphy, submarines, automobiles, signaling, first aid, and hygiene, drawing and lettering.

Ethical books on patriotism, courage, good citizenship, with simple non-sectarian devotional books.

French attractive, magazines are also desired—such as American, Century, Harper's, Everybody's, Popular Science Monthly, Scientific American, Saturday Evening Post, etc. None over two years old should be included.

There is now a call for current magazines for the soldiers assembling at Chillicothe. Citizens of Newark and vicinity who can donate these should deliver them at the Public Library from whence they will be sent to Chillicothe. The Women's Clubs and the Boy Scouts have been invited to aid in this work. Books may be collected and delivered later. The demand for current magazines should be met at once. A generous response is expected from the many magazine readers of the city. The State Library at Columbus has general direction of this work.

UNITED AMERICAN PEOPLE. Lima, Peru, Sept. 6.—Dr. Mariano Cornejo, a leading member of the senate today introduced in that body a resolution setting forth that the international policy of Peru must be inspired by the policy of solidarity between the united people of the South American continent and the United States.

Dandruffy Scalps Lead to Baldness

It's indeed a pity that thousands of men and women are needlessly growing bald, says a prominent hair specialist, who states that the loss of hair usually comes from dandruff, and just a little attention should always have an abundance of good healthy hair. Dandruff causes baldness by clogging the scalp pores so that the hair roots are deprived of proper nourishment besides giving the microbe breeding fertile ground for the real hair destroyers—by applying a little of the genuine Parisian sage (Sage) hair remedy is very simple. Kill the dandruff germs—the real hair destroyers—by applying the hair remedy. It's the discriminating hair that you can now get at any American drug store. It is one of the simplest, safest, and best methods to surely stop itching scalp and falling hair, remove every trace of dandruff and invigorate the hair roots to grow new hair. While even one application makes it free from stickiness, delicately perfumed and will not streak the hair, while even one application makes it bright-looking, soft and fluffy. Be sure to get the genuine Parisian sage (Sage), for this does not stain the hair and is guaranteed. W. E. Freeman will supply you. 9-6-11-15.

SOME REGIMENTS RESISTED GERMAN ASSAULT ON RIGA

Petrograd, Sept. 6.—The retreat of the Russians from Riga over a neck of land a mile and a half wide, between Lake Kish and Lake Ezel, is being accomplished with the greatest difficulty and with the enemy constantly shelling the rear guard. This route is along the Pskov railway and is the only exit from the Cul-de-Sac, the German column having moved up from Ixkull direction, cutting off the Russian retreat to the southeast.

The civilian head of the war ministry, Boris Savinkoff, has issued a statement, saying that the success of the measures which will be taken to check the advance "depends wholly upon the behavior of our troops."

Despite reports of the disgraceful flight of certain elements of Russian defenders of Riga position military commentators praise the heroism of certain regiments, among which were some composed of Letts who fought bravely to stem the tide of the Russian retreat. The chief of the general staff, General Romanofsky, expresses the opinion that the evacuation constitutes no imminent menace to Petrograd because the near approach of the rainy season will prevent the enemy advancing for in the direction of the capital. The danger of a descent upon the coast nearer to Petrograd is also discounted in official circles for like reasons and the additional difficulty the enemy would find in maintaining communication with a detached force.

The newspapers take a gloomier view of the situation. Ruskly invalid, the least pessimistic in its expressions, finds nothing definitely hopeless in the situation. "If our troops have not forgotten that they are Russians and if some brilliant officers are found among them who are ready to do their duty."

BROWNSVILLE PASTOR ELECTED M. P. OFFICIAL

Mt. Vernon, Sept. 6.—Business sessions of the Muskingum annual conference of the Methodist Protestant church were begun here yesterday. The conference decided by resolution that the president shall not be stationed in a pastorate during the coming year.

The officers elected were: President, Rev. S. W. Rosenberger, Columbus; recording secretary, Rev. R. P. Hudnall, Byesville; financial secretary, A. B. Jones, Mt. Vernon; steward, Rev. O. E. Ford, Mt. Vernon; historiographer, Rev. J. M. Wells, Brownsville; statistical secretary, C. J. Morton, Uhrichsville.

NIFTY FALL SUITS

The seasons change and with these changes we must provide ourselves with clothing suitable to the season. This fall some very nobby styles are being shown, and Kirschenbaum clothing so well known to Newark men and young men are at the head of the class. Many of the best dressed are clothed in these garments and they are proving satisfactory because once you buy a Kirschenbaum suit you always buy them. You can get a suit at J. M. Mitchell's that will meet all your requirements and they wear like iron. Let us show you, or better still sell you a fall suit.

EXPRESSIVE PAPER

You often form an opinion of the writer of a letter by the kind of paper he or she uses. If you do not believe this, just watch yourself the next time you get a letter. The first thing that enters your mind is, "I wonder who the writer is?" then you associate the looks of the paper with some friend. Paper may express many things to you. If you want to create a good impression to your friends always ask for Highland Linen or Crane's Linen. A paper you will not be ashamed to write on. Edmonson's Book Store always has a supply on hand, and at the right price.

DON'T WATCH THE MOON FOR SIGNS OF FROST

Washington, D. C., Sept. 6.—Don't watch the moon for signs of the first frost; watch the Weather Bureau. And when the warning from the forecaster comes, as it usually will from 24 to 48 hours in advance, look to the protection of the garden produce which is not yet under cover. There are a number of ways to forestall the surprise attacks of this Jack Frost person and representatives of the United States Weather Bureau, realizing that a good deal more produce will be subject to loss from frost this fall than ever before, have advised early preparedness on the part of farmers.

The specialists suggest, protective coverings should be made ready. Vegetables can not scamper to cover, but the gardener can scamper covering to the vegetables and perhaps save a winter's supply in a short time if he is prepared. Old blankets, tarpaulins, sacks, straw, manure, paper add various other materials may be used for covering.

PROPERTY OWNERS CAN BUILD, WALKS CHEAPER THAN CITY

Passed by council last night of an ordinance to borrow more to pay for sidewalk construction is the first step toward the prompt construction of a number of walks in the city which have been badly needed. A list of nearly a score of streets was named in the ordinance.

City Engineer Wells stated that the service department would be ready in a week or so to let the contracts for these walks to capable cement workers, but suggested that the work can be done by property owners at a considerable saving. The city must pay for advertising and other incidentals which adds cost to the job.

Amusements

AUDITORIUM.
The East End Way.
To motion picture, the name of Director Albert Capellani has become identified with that of his film, Clara Kimball Young. Through his masterly skill as producer, he has carried a permanent niche for himself in the screen's hall of fame. The famous Frenchman's followers will be glad to learn that he has scored another, and probably his greatest triumph, in the production of Miss Young's Selznick picture, an adaptation of Eugene Walters' tremendous drama, "The East End Way," which is now being screened without detracting in the least from the beautiful star's vital and impressive performance and the power of the story itself, there is no question that Director Capellani is responsible in a great measure for the production's effectiveness.

This clever eight-reel feature attracted large crowds yesterday, the last showings today and the Auditorium should be packed from pit to dome. The screenings tonight will be scheduled as close to the following time as possible: 8:30, 9 and 9:30.

Tangled Lives.
Genevieve Hamper is another of those stage and film stars who rose to stardom in spite of everything. Her natural talent for drama and that rare beauty, which has led to her title as "The Beautiful Girl," combined with an early ambition accomplished the result. Miss Hamper is seen on the screen with Robert B. Mantell in another William Fox photodrama, destined to outrun in popularity her former triumphs in the movies. "Tangled Lives" is a dramatization of Wilkie Collins' novel and play of that name.

Miss Hamper is a Michigan girl, educated at Chicago. She first came interested in the drama. Her parents did not object when one day Miss Hamper confessed being carried away with ambition after she had seen "Du Barry," in which Mrs. Leslie Carter was starring at that time.

"Tangled Lives" is seen at the Auditorium Friday and Saturday.

The Wolf Woman.
Louise Glaum, whose remarkable originality in designing bizarre costumes has made her famous, is to be presented to advantage in "The Wolf Woman," a Triangle-Inc. at the Auditorium on next Sunday. In this she is supported by Charles Ray, who has marked for himself a unique place among the stars of the films because of his very human work in characters which display weakness and yet hold the sympathy. His many scenes in this wonderful feature are exceptionally well handled. The Wolf Woman

"The Amazons," starring Marguerite Clark, will be shown at the Auditorium theater next week.

"Laugh and the world laughs with you, and you weep by yourself" contends winsome Marguerite Clark. There'll be no danger of the latter if you see her in her latest Paramount picture, "The Amazons," for it is a screamingly funny satire and is crammed full of hearty laughs. "The Amazons" will appear at the Auditorium theater on Monday.

George M. Fenberg, Manager Auditorium, Newark, Ohio.

Dear sir:—On behalf of the Newark boys in the Small Arms Ammunition Trains, Artillery Ammunition Trains and the Military Police in Camp at Columbus, Ohio, I wish to thank you for the very liberal contribution of cigarettes and tobacco received from you a few days ago. We wish you to thank the patrons of your theater for their assistance in making this well-come gift possible, and assure them that every Newark man in this unit appreciates the spirit in which this fund was raised.

It has been decided that this box will not be opened until we are transferred to the south, and is now in the custody of Bernard Ewald who is guarding it vigilantly. From all indications we will be moved to Montgomery within a very short time, and then will be all the more appreciative.

In "The Trail of the Shadow," the Metro wonderplay in which Emmy

Wehlen is starred, patrons of Metro pictures will be introduced to a new leading man for this popular star. He is Eugene Strong, who comes to the Metro company after valuable experience on the stage. Mr. Strong is well known for his work in vaudeville, where for two years he headed a company organized by the late Paul Armstrong, and featuring that playwright's one-act success, "All for the Sake of a Girl." Moreover, he has been starred in several pictures.

In the extremely capable hands of Harry S. Northrup, perhaps the best known villain in the silent drama, is placed the difficult role of Jack Leslie, the outlaw. First as a suave gentleman, later as the fugitive from justice Mr. Northrup wins new laurels.

SKINNELL GROCERY DOES BIG BUSINESS ON OPENING DATE

The new grocery of J. W. Skinnell,
 West Main street and the Arcade An-
 nex was opened on Wednesday and
 enjoyed a big patronage on the open-
 ing day. The proprietor formerly
 conducted a grocery in Columbus and
 the new store here is up to date in
 every detail.
 The interior is done in white
 enamel and the bins and shelving are
 in white. A feature of the store is
 the enclosed glass cases, where all
 goods may be seen, but where it is
 perfectly sanitary. A meat market
 in connection with the grocery car-
 ries out the same idea of cleanliness.
 There are two entrances to the
 store from the Arcade annex. As-
 sisting Mr. Skinnell in the grocery is
 J. E. Brunner, and a number of
 clerks.

NEWARK BOYS WITH MILITARY POLICE ARE ENROUTE TO CAMP

The company of military police,
 which has been in camp at the Fair
 Grounds and at the Deaf and Dumb
 Asylum in Columbus, left yesterday
 for Montgomery, Ala., where they
 will do police duty in the town of
 Montgomery. In the company were
 a number of Newark men.
 When the members of the supply
 train will be sent is not a certainty,
 but orders to the quartermasters'
 department to make no preparations
 in advance for meals after Friday
 would indicate that the men may
 move at any time now for Montgom-
 ery. The supply train is made up
 principally of Cambridge, Washoe-
 ton, Utica and Columbus men.

CHICAGO'S MAYOR SUES PAPER FOR QUARTER MILLION

(Associated Press Telegram)
 'Chicago, Sept. 6.—Mayor Thomp-
 son today filed praecipe in a suit for
 \$250,000 damages against the Chi-
 cago Herald company and James
 Keeley, the publisher.
 The Herald among others had vir-
 uously criticized the mayor's anti-
 gang attitude.

CITY GETS \$123,000 FROM LAST TAX PAY

Deputy County Auditor Jos. Renz
 and Miss Lulu Starr, one of Auditor
 J. W. Harney's efficient clerks, have
 completed compiling the tax dupli-
 cate and apportioning the collections to
 the different county and city funds.

The tax duplicate this year is the
 largest in the history of the county,
 the collections totaling \$1,138,-
 \$31.21. Of that amount \$581,-
 023.63 was collected in February and
 \$557,859.58 last month.

Newark City receives \$123,612.69
 for the last six months of the cur-
 rent year. Of that amount it is
 partly apportioned as follows:
 City Hospital, \$69.96.
 Library, \$11,449.55.
 Health, \$2,174.90.
 Service, \$22,619.00.
 Safety, \$24,648.91.
 Sinking Fund, \$38,423.29.
 The liquor tax collection for the
 six months totaled \$14,831.71,
 special taxes including cigarettes and
 collateral inheritance with street
 paving, sewer and sidewalk assess-
 ments totaled \$16,232.41.
 The county will receive \$140,-
 459.61, the state \$20,892.08 and the
 general township fund, including
 school districts, \$261,302.20. All
 corporations of the county, includ-
 ing Newark will receive \$124,647.57.

NO COMPROMISE ON ALSACE-LORRAINE RIBOT DECLARES.

(Associated Press Telegram)
 Paris, Sept. 6.—France will not
 compromise of the question of recov-
 ery of Alsace-Lorraine, Premier Ri-
 bot declared today in an address de-
 livered in connection with the cele-
 bration of the anniversary of the bat-
 tle of the Marne. He said France
 would not consent to diplomatic dis-
 cussion as to whether the provinces
 should be restored.

VISIT AMERICAN CAMP.

Paris, Sept. 6.—President Poin-
 care, Paul Painleve, the secretary of
 war and General Petain, the French

BRITISH AIR MEN BOMB GERMAN POST

(Associated Press Telegram)
 London, Sept. 6.—Extensive bomb-
 ing operation continue to be carried
 out by British airmen behind the
 German lines along the Franco-Bel-
 gian front. The following are the
 details concerning the bombing op-
 erations of our air planes during the
 day of Tuesday, says an official
 statement. "Twenty-four bombs
 were dropped on the enemy's billets
 at Hantay, east of Lens and thirty
 on the billets at Lauwin-Planque in
 the same area. Five bombs were
 dropped on the Audenarde railway
 junction on the avenue on the Aubigny-
 Au-Dac ammunition dump and at
 the station at Cambrai. Eight
 bombs were dropped on the Carnieres
 airfield east of Cambrai, and 61 on
 various other targets."

LABOR ORGANIZATION STAMPS OUT DISLOYALTY

(Associated Press Telegram)
 Minneapolis, Sept. 6.—The Ameri-
 can alliance for labor and democ-
 racy, having disposed of the pre-
 liminary work of organization, to-
 day took up plans for establishing
 local branches from coast to coast
 in the campaign to bring organized
 labor up solidly behind the govern-
 ment in its prosecution of the war
 and to stamp out disloyal and pro-
 German activities.
 The resolutions committee in
 special session began drawing up
 the resolutions of alliance, recently
 formed for the announced purpose
 of combatting disloyalty, which
 are expected to "put organized labor
 right before the world."

RESOLUTIONS.
At a meeting of Newark Grange 1004, held on Thursday, August 30, 1914, the following resolutions were adopted on the death of Sister Katie Grove, late member of our grange:

Whereas, It has pleased the All-Wise Providence to remove from our midst our esteemed sister, Katie Grove; and

Whereas, We realize in the death of Sister Katie Grove that the grange has lost a true and faithful member, now

Therefore, Be it resolved, that while we bow in submission to His providential decree, we tender our sincere and heartfelt sympathy to the sorrowing relatives and friends of the deceased sister in this hour of their sad affliction, and be it further

Resolved, That the Grange hall be draped for a period of thirty days and that a copy of these resolutions be spread on the minutes and a copy be presented to the relatives of our deceased sister.

CIVIC CHORAL SOCIETY TO BE ORGANIZED HERE

The Music Committee of the council of National Defense with a chorus committee held a meeting at the home of Mrs. Joseph Sprague in Fifth street for the purpose of perfecting plans for the organization of a civic choral society in Newark.

Five hundred cards have been placed in the hands of the committee for distribution among the singers of the town. These cards are to be signed during the coming week by men and women desiring to become members of the society.

Concerts will be given through the winter season at different points in the community, at which time a small admission will be charged to meet the expenses of the society. The first concert will be given near Thanksgiving.

All members and those desiring to become members are requested to meet at Taylor Hall at half-past seven in the evening of Sept. 13, for organization, at which time officers will be elected and resolutions adopted. Mr. A. S. Mitchell will have the meeting in charge and brief addresses will be made by Rev. L. P. Franklin and Mr. Edward Kibler.

The chorus committee consist of Mrs. Frank Agnew, Mrs. C. W. Miller, Mrs. Gertrude Schmidt, Mrs. Fred Woodward, Mrs. Chandler Tucker, Miss Anna Rieger, Dr. Rollin Cook, H. E. Reynolds, A. S. Mitchell and the music committee of the Council of National Defense, Mrs. Joseph Sprague, Mr. C. W. Klopp and Mr. Wm. Morgan.

All singers are invited to become affiliated with the organization.

YOUNG PEOPLE HERE SOON START WORK IN COLLEGES

In a few weeks, the colleges of the country will open their doors for the fall semester, and while many of the ranks have been depleted by the enlistment and drafting of men, the declaration of war does not seem to be impeding the matriculation and all will probably have a large enrollment.

Among those from Newark who will leave soon for various schools are Miss Martha Grace Miller, Miss Dorothy Swisher, who will attend the Columbus School for Girls; Misses Justine Pearsall and Thelma Mazzei who will attend Abbott Academy at Andover, Mass.; Lorena Berger, Virginia Warner and Esther Hartshorn who go to Ohio Wesleyan; Elizabeth Kibler will study at Wellesley college this year. Among the Ohio State students will be Phillip Puckett, Woolson Davis, Edward Pearsall and Elizabeth Claylor.

Misses Dot Woodward, Ethel Rutledge and Louise Africa will study at Ypsilanti, Mich.

Clayton Davies goes to the University of Michigan at Ann Arbor; Eleanor Johnson returns to Denison, and Misses Maxine and Katherine Davis go to St. Mary's of the Woods.

Why Not Enamel the Bathroom Throughout?

Nothing quite equals the exquisite beauty and wholesomeness of a bathroom finished with

MARIETTA ENAMELS

You can have your bathroom all white, or use old ivory, or a combination of white and any of a score of other delicate colors.

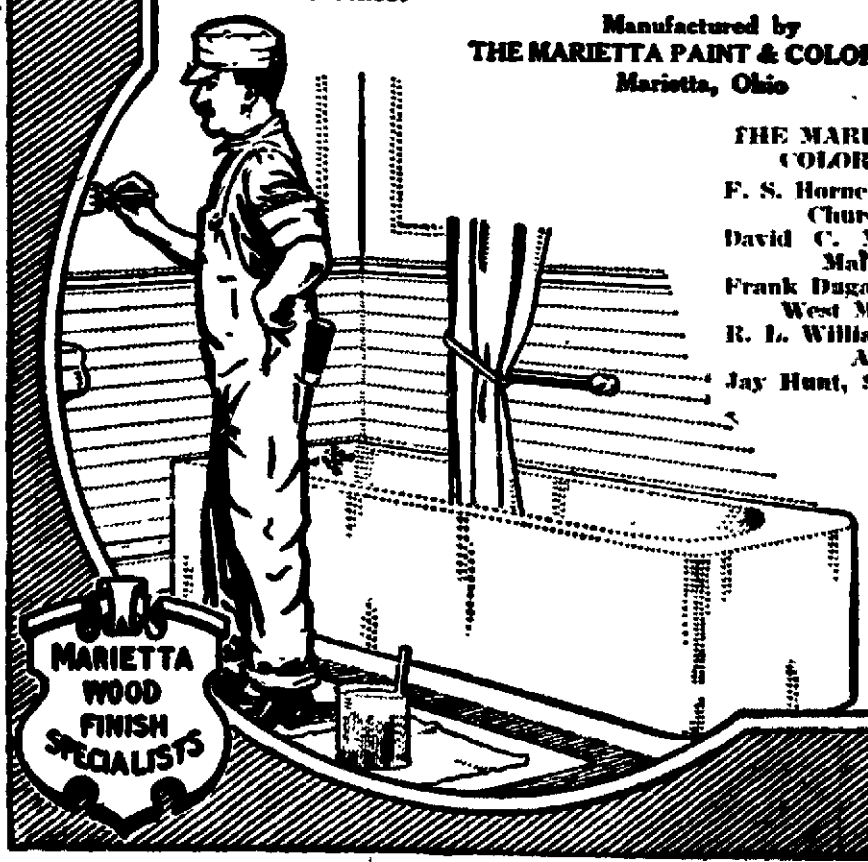

"Marietta" Enamels are distinguished for their rare beauty, their stubborn resistance to wear and weather, and their practical working qualities.

They are American made and worthy of America.

Three grades, "SPARTANITE," "ELK EYE" and "OPAQUE." Each is a leader in its class.

SERBIA PROTESTS NOTE.
Nice, France, Sept. 6.—Nicola P. Pachitch, the Serbian premier and minister of foreign affairs, who is stopping here, will soon issue a protest against the pope's peace proposal, according to the Eclairreux de Nice. Protest will be based on the fact that the pope's note failed to mention Serbia, the paper says.
